Northern Arizona Fair

To the hundreds of visitors who will attend the Fourth Annual Northern Arizona Fair, to be held at Prescott, October 19, 20 and 21, many interesting and novel features will be introduced. It is now definitely assured that from the five northern counties—Apache, Coconino, Mohave, Navajo and Yavapai—will come exhibits typical of the varied and different resources of the northern part of the state. These displays form the backbone of the Northern Arizona Fair and are wholly responsible for the great numbers of visitors who yearly attended this celebration.

Over \$2,000 in cash premiums will be awarded exhibitors in the various departments, including that of mining, agriculture,

horticulture, livestock, poultry, home economics, fine arts and educational. Under the auspices of the Arizona State Laboratory, a special milk and cream contest will be held. In this contest will be two divisions, one for the purest milk and the other for the purest cream, in each case beautiful silver cups and ribbons being awarded. This contest is open to dairymen of Northern Arizona and information under head of any department will be gladly furnished upon application to the Fair Association.

Perhaps no exhibit or contest will attract as much attention as the better babies, which is open to all babies of Northern Arizona between the ages of six and twenty-four months, entry blanks for which will be mailed upon request. All babies will be judged under the rules of the American Medical Association and their standard score card will be used. Competent nurses and doctors will be in charge and all judging and handling will be under the most sanitary conditions possible. In all classes the following prizes will be awarded: first, silver loving cup; second, Sterling silver set knife, fork and spoon; third, Sterling silver napkin ring; fourth, Sterling silver baby spoon. A very beautiful and appropriate special prize will be awarded by Manager Buehler of the baby show to the prettiest baby, and the Yavapai County Medical Association offers a silver cup to the baby showing the gain over its previous years' scoring. Already, babies are entered in this contest from each of the northern counties.

The amusement features during the fair will be far above the ordinary. Laddy Laird, one of America's most daring aviators, guarantees to loop-the-loop each day of the fair, at an altitude of 5347 feet. This is one of the rarest feats in aviation history. \$2,000 will be awarded for the racing meets during the three days fiesta; already the fair grounds present a lively appearance with horses in training from various centers of the Southwest.

Each morning, afternoon and evening of the three days fiesta band concerts will be rendered by a thirty piece band. On the plaza, a first class carnival company will operate, while each evening of the fair, dances will be given under the auspices of the Fair Association.

Cruz Gutierrez, a Mexican man about 20 years old, had his left leg badly mangled by a train in the yards at Winslow last Tuesday night. The injured man was brought to Holbrook on train No. 10 that night and taken to the office of Dr. J. W. Bazell, county physician. Dr. Bazell decided upon an operation and the foot was amputated. J. C. Paulsell, candidate for county supervisor on the democratic ticket, was in the southern part of the county this week interviewing voters in reference to his candidacy. Mr. Paulsell is eminently qualified for the office of supervisor; he is a successful business man, and in the management of county affairs, as well as in the conduct of his own business, he will be careful and conservative. A vote for Mr. Paulsell is a vote for honesty and efficiency in county government.
